# Curriculum News

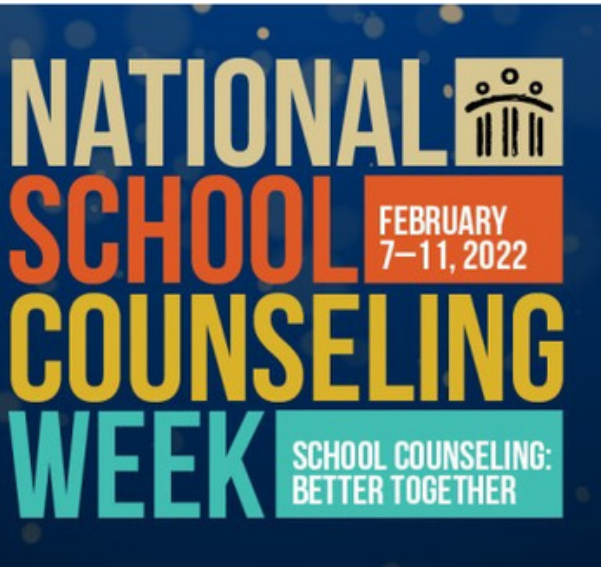

News About Learning & Doing at Henry Ford Academy

National School Counseling Week 2022, "School Counseling: Better Together," sponsored by the American School Counselor Association (ASCA), will be celebrated from Feb. 7-11, 2022, to focus public attention on the unique contribution of school counselors within U.S. school systems and how students are different as a result of what school counselors do.

National School Counseling Week highlights the tremendous impact school counselors can have in helping students achieve school success and plan for a career. School counselors play important roles in school districts, allowing students to resolve issues they face at home or in the classroom. Given the challenges students may encounter in a remote or hybrid learning environment, their role may even more essential this year.

Please find a moment this week to express your appreciation to our school counselors, Ms. Gibbs (9th-10th), and Ms. Gatling (11th-12th).

**Thank you for all that you do for our Navigators!**
