# Prom 2022

Friday, June 3rd, 2022, Henry Ford Academy held a Great Gatsby themed Prom at the Regency Manor & Banquet Center. For the senior class, prom night serves as a symbol of four years of learning, friendship, and school spirit. Our Navigators joy was captured throughout the evening at the 360 photo booth, which is actually a video booth that captures 120 frames a second. Users step on the platform, while a revolving video camera spins 360 degrees around to capture slow-motion video. This experience was available to students throughout the evening. A buffet style dinner was served, and soon after the dance floor was open for both teachers and students to bust a move. Even, Principal Christmas enjoyed upping her selfie game amongst the HFA staff. Several students chose to save their energy and instead enjoyed playing Uno and other card games. Towards the end of the evening David Abbott and Katie Johnson were crowned the 2022 Prom King & Queen. It was a wonderful evening for all in attendance.
