Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2017-2018 educational progress for Henry Ford Academy. The AER addresses the complex reporting information required by federal and state laws. The school’s report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact the principal’s office for assistance.

The AER is available for you to review electronically by visiting the following web site https://goo.gl/r7d2M1 or you may review a copy in the main office at your child’s school.

For the 2017-2018 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given one of these labels.

Henry Ford Academy, like many schools, has its challenges. We continue to work on ensuring that our top students are challenged and at the same time systematically support students who struggle. We offer after-school tutoring in all core areas and have courses for 9th and 10th graders who need to strengthen their math and reading skills.
